

CONGRATULATIONS TO EGGLESTON'S HIGH SCHOOL GRADUATES

5/31/2024

Dear Graduates,

On behalf of the Eggleston community, I wish to extend a warm and sincere congratulations to our 2024 high school graduation class from La Verne II, Diana, Ontario, Upland, Waco I and Waco II. We have a total of 19 graduates for the 2024 school year.

We commend you on your perseverance, determination and commitment in overcoming difficult life challenges and not allowing adversity to deter you from pursuing your dreams and aspirations to earn your high school diploma. Having earned your high school diploma gives you all the rights and privileges to pursue whatever endeavors you may choose in your career path.

We are exceptionally proud of you because your journey in achieving this milestone of being a high school graduate, was paved with many challenges and obstacles. You have demonstrated tremendous resiliency in not allowing unfortunate life circumstances to dissuade you from celebrating with your classmates on this momentous day of academic achievement.

You have turned in your last assignment and passed your last exam, now it is your time to celebrate. As you celebrate, I encourage you to thank family members, teachers and Eggleston staff for helping you on your journey in becoming a successful young adult.

By graduating from high school, you now serve as successful role models to other Eggleston students from similar backgrounds as yours, that they also can earn their high school diploma. In closing, I wish you well and much success.

**Sincerely,
Clarence Brown
